# SCOTT STAMILE

## // EXPERIENCE

### Web Developer for Prime Visibility
*Full-Time May 2012 – Present*

Developed templates for Responsive emails that solved reflowing text issues with flexible layouts.

Created Facebook contest that increased followers from under 500 to over 4200.

Coded client sites such as Trump Towers and LaurenHutton.com using custom templates for Wordpress.

### Web Developer for All Media Solutions
*Full-Time September 2011 – May 2012*

Coordinator with sales team to develop websites from conceptual mockups to finished, hand coded PHP templates for OpenCart and WordPress.

Used iPad to design visually engaging site maps and wireframes, and presented them to clients.

### Lead Web and Media Coordinator for the Nassau County Executive
*Full-Time June 2008 – January 2010*

Led a design group in the development of campaign site tomsuozzi.com which included a Flash video introduction encouraging thousands of voters to subscribe to the campaign email newsletter.

Shot, edited and posted over one hundred County Executive related videos and editorials for nassaucountyny.gov on an ongoing basis. Clips from which have appeared on News12, Newsday.com, CBS, and others.

Directed a Drupal development team in the redesign of Nassau County's website providing individual departments with the ability to manage their own content.

### Freelance Web and Graphic Design
*June 2004 - June 2011*

Organized a Facebook Photo contest gaining over 1000 "likes" in 2 days for Davis Vision.

Created marketing decks in Apple Keynote and Photoshop to demonstrated how a client's advertisements can be used to re-theme Like.com and it's affiliated sites.

Created templates and workflows making it easier for clients to manage their own content after the project was completed.

Consulted small business owners and politicians on the use of design, branding techniques and online marketing to increase their exposure.
